Work Experience

Morgan Stanley Financial Analyst, Industrial Placement – 06/18 – 07/19

Responsibilities:

- Analyst for the Liquidity, Investments, and Funding Control team. Responsible for multiple projects throughout the year, solving data-centric problems including innovative business trading solutions to generate liquidity benefit and quantifying the impact of a changing regulatory landscape. Regularly improved process efficiency. Presented to business units regarding market activity and liquidity impact.
- Presenting project results to large teams and senior audiences. Recognised for my skills in teamwork, communication and numerical analysis. Responsible for several ad-hoc projects requiring a high degree of data analysis and research in very short timeframes.

Event Hospitality for Profiles Employment Agency – Summer 2017

Responsibilities:

- Performing multiple different hospitality roles at leading events, attracting 1000's of customers. Integrated into unfamiliar teams in a high-pressure environment, typically working in VIP areas where client focus was essential.

The Market Hotel, Alton - 03/16 – 04/17

Responsibilities:

- General barman also responsible for hotel room bookings and stock-taking. Gained strong communication skills and rapport with a wide-range of clientele.

Additional Skills and Achievements

- Proficient in bash, R and python scripting.
- Proficient in Microsoft Word, Excel, PowerPoint and Publisher, and SAP Business Objects software.
- **Head Boy:** Regularly attended school governors' meetings, pitching pupils' ideas to improve the school. Secured £297,000 of funding from Hampshire County Council into school road safety by presenting to the Council on why the school was a site deserving investment.
- **Guinness World Record:** 'Most Rugby Conversions Kicked in an Hour' at Twickenham Stadium.
- **Rugby Captain:** Captaining school and club teams to national success.
- **Grade 8 Musical Theatre,** London College of Music, with Distinction.
