E-Commerce Workflow (Desktop/Tablet & Phone View)

1. There's a 3 Step check out Process
2. User enters personal info here (Note: If user signs in to check out this step would be pre-populated with account data.)
3. User enters billing address info here
4. User can click the Cart button to go back or the Next button to go to Step 2: Payment

The image displays two side-by-side screenshots of a 'SECURE CHECK OUT' form, illustrating a 3-step process. The left screenshot is annotated with red circles and numbers 1 through 4, and a red line with a circle containing the number 4 spans across the bottom of both screenshots, pointing to the 'NEXT >' button.

Left Screenshot (Annotated):

- 1:** The 'SECURE CHECK OUT' title and the '1. Personal' step indicator in the progress bar.
- 2:** The 'PERSONAL INFO' section, including fields for First Name*, Last Name*, Email*, User name*, and Password* (with a 'Show' link).
- 3:** The 'BILLING ADDRESS' section, including fields for Address* (with placeholder 'ENTER HOUSE NUMBER'), Postcode* (with placeholder 'ENTER POSTAL CODE'), Country* (with a 'Select Country' dropdown), and Mobile Phone* (with placeholder 'ENTER AREA CODE AND NUMBER').
- 4:** The 'NEXT >' button at the bottom right.

Right Screenshot (Unannotated):

- SECURE CHECK OUT** title.
- Progress bar with '1. Personal', '2. Payment', and '3. Confirmation'.
- PERSONAL INFO** section with fields for First Name*, Last Name*, Email*, User name*, and Password* (with a 'Show' link).
- BILLING ADDRESS** section with fields for Address* (with placeholder 'ENTER HOUSE NUMBER'), Postcode* (with placeholder 'ENTER POSTAL CODE'), Country* (with a 'Select Country' dropdown), and Mobile Phone* (with placeholder 'ENTER AREA CODE AND NUMBER').
- Navigation buttons: '< CART' and 'NEXT >'.

E-Commerce Workflow (Desktop/Tablet & Phone View)

1. Step 2 shows Cart Summary
2. User must agree to terms before he can click the 'Checkout with Paypal' or 'Proceed With Secure Checkout' button.
3. User can quick check out with PayPal
4. User enters Credit Card info (Note: First and Last name pre-populated, but user can edit)
5. User clicks button to Pay and go to Step 3: Confirmation
