Successfully passed in 2016: English Literature, English Language, French Language & Literature, Maths, Biology, Chemistry, Drama, Spanish Foreign Language, Geography.

WORK EXPERIENCE

July 2020 - Current **Freelance Creative Work**

I have been working on several small paid and unpaid projects for my creative input both as an illustrator, photographer, and a web designer.

November 2019 - current **Freelancer at Studio KT1**

I am a freelancer for Studio KT1, the internal creative agency at Kingston School of Art. I participate in creative challenges and competitions. I notably led an interactive office chair-curling game at the TBD (Technology, Behaviour, and Data) conference given by Paul Armstong (Here/Forth CEO) in December 2019.

March - April 2020 **Student Caller/ Fundraising**

I was a student caller for the Inspire the Future Campaign. I called Kingston University alumni, building rapport, making sure they still feel part of the University's community, and eventually asked for donations to fund our outreach programs.

April 2019 - May 2019 **Service industry**

I worked with the Stint Agency, which allows students to work different shifts every day. I worked many shifts in stores like Reiss and other retailers. I also worked in Customer Service and as a waiter at Chipotle and Busaba, and bartending in a few pubs and clubs.

LANGUAGES

Fluent English, Fluent French, Conversational Spanish. Currently Learning Arabic.

SKILLS

Communication

Motivation

MORE ABOUT ME

I gave a TEDx talk about the concept of Home and cultural belonging in 2017.

Computer literate, working knowledge of Email, social media, and the Adobe Suite.

Volunteered; helping young children practice their reading skills for a year (2017-18).

Completed Driver's license in France.

Moved to England in 2018, the UK is the 8th country I have lived in.

Interests: all forms of art, I enjoy going to galleries, watching movies, listening to music, biking, and keeping up with the latest news in the Design world.
