

Resume

Lydia Bellaouane

Student

Future Biomedical Scientist

PROFILE

A highly motivated student with a passion for writing, books and science. Having studied a lot of subjects and languages, I have knowledge in every field. I adapt easily to any kind of environment and I'm easy going and hard working.

WORK EXPERIENCE

CASHIER, COSILUX HAIR DRESSER, AUGUST 2018-JUNE 2019

Working as a cashier helped me acquire crucial skills such as communication and listening skills. Indeed, it is extremely important to be able to respond correctly to customers inquiries and guide them. It also crucial to be able to deal with calm during certain situations when working. These skills I obtained while working during my final year of High School, I was able to use during critical time, for example, while I was face with a hard decision or when I had to deal with stress and the overload of informations. I'm very grateful to have been able to work and meet wise, hard working people during my year, it has inspired me to work more and learn through experiences.
