EXPERIENCE

Haybridge High School and Sixth Form – Mathematics and Physics Internship Programme

JUNE 2019 - JULY 2019

- Observed and assisted in Mathematics lessons.
- Planned and organized Personal Challenge Week Activities in groups with other Interns involving teamwork and time management and required critical problem solving skills.
- Delivered the activity sessions using PowerPoint presentation and lead some codebreaking activities both requiring communicating with influence as well as cognitive flexibility.
- Attended SCITT Teacher Training days learning behaviour management, questioning skills and routes into teacher training.
- Participated in TED day activities involving self development and efficiency and taking part in various workshops.

Aston University – Student Experience Champion

NOVEMBER 2018 - APRIL 2019

- Ran focus groups with students alongside Student Experience Officer (SEO), encouraging engagement from all types of student stakeholders and involved taking notes and recording student response.
- Acted as a consultant for audit group for student experience initiatives requiring attention to details.
- Participated in School Forum meetings to deliver presentations and act in a consultative manner where appropriate and communicate with present body accordingly.
- Shared progress and successes on actions taken by the School to improve the student experience with their student body through social media.
- Worked on personal project of establishing an innovative communication tool in Blackboard to eliminate communication gap among cohort students to raise issues collectively.

Aimhigher – Aimhigher Mentor

NOVEMBER 2018- APRIL 2019

- Mentored year 12 sixth-form students at Moseley School and Sixth Form face to face in thirty minutes to hour long sessions and communicating with influence was crucial.
- Encouraged students for higher education or other prospects of future careers or education such as Apprenticeships or Degree Apprenticeships.
- Helped with research of universities or companies and provided guidance with applications
- Boosted morale and confidence of students and helped them set and reach personal goals during the programme using emotional intelligence.

Hype Collective – Brand Ambassador

FEBRUARY 2019 - MARCH 2019

- Promoted Co-Op with association with university societies where networking, socialising and communication skills were essential.
- Planned course of action to fulfil target in given time frame by using time management skills effectively.

EXTRACURRICULAR ACTIVITIES

Aston Women in Business Society – Member

SEPTEMBER 2017 - PRESENT

Participated in events organised by the society for socialising and networking in events such as employer drop-in or skills development sessions where renowned company representatives are present.

The Access Project – Volunteer Mathematics Tutor

NOVEMBER 2018 - APRIL 2019

Provided maths support in one-to-one tuition session to a GCSE student.

Arrival Education – Leading with Purpose

APRIL 2018 - JANUARY 2019

Partnered with a professional leader from Kerry Foods, with an aim of building leadership qualities alongside developing skills required for future endeavours.

Washwood Heath Academy – Boost! Volunteer

JANUARY 2018 - APRIL 2018

Arranged by the Aston Outreach team to work alongside a school teacher to encourage young pupils from disadvantaged backgrounds and motivate them for higher education.

INTERESTS

I love to read and my preferred genre is fantasy or fiction. Some of my recent reads include *The Caraval* series, *The Return of the Elves* series and all time favourite *Harry Potter*. I also love to paint and my most favoured paint medium is acrylic.
