Past work experience

Lidl (2018-2019)

- I worked as a customer assistant in a supermarket. During my employment I worked effectively as part of a team to complete tasks efficiently, working with the general public and organising stock

Work experience with Vale of Glamorgan MP Alun Cairns (2014)

- This involved working as part of his team dealing with constituents complaints, inquiries
-

Other experience

At college I was lucky enough to be able to complete an "EMC"(A form of EPQ specific to my school). This allowed me to explore new areas of my understanding by giving me the time and resources to complete a project of my choice. As such I chose to complete a project in rocketry. I created complex mathematical and computational models of rockets using the Python programming language.

Education

- A levels (Maths A*, Further Maths A, Physics B, AS Computing B). GCSE's (2A*'s, 5A's and 6B's, including A* in French)
 - In 2017 I started a degree in Mathematics and Physics at Queen's University Belfast. However due to medical conditions. I took a gap year and reapplied for 2019 entry
 - I am currently a first year studying Economics and Maths at the University of Bath and am on track for a 2:1.
-

Skills and other interests

- I create computer programmes in the Python programming language and have been participating in a "Python for finance" course with the university finance society
- I climb which has helped me develop my problem solving abilities
- I study Mandarin as an extracurricular module with the university.
- I have been solo-travelling twice. I have been inter-railing around Europe aged 17 and travelled to East Asia (Hong Kong, China, Thailand, Vietnam)
- I have dual nationality (Anglo-French) and am fluent in French.
- Proficient with Microsoft Office suite of applications
