Public tender consultant (part-time)

January 2017 - November 2018

I worked for a private company dedicated to advise and build of public tender portfolios, for various groups at a local and international level, in the construction, energy, education, logistics and transportation sectors.

During my time at cvy I started as an inter-member of a team and I finished as Inter-director of a Team.

When I was in charge of a team dedicated to looking for and assembling public tender presentation for the clients.

My primary, responsibility was to coordinate the client's and my team to achieve a successful output, this responsibility included keep a healthy relationship between my team and the client, sort out unexpected difficulties; assemble the public tender presentation for the client, come up with new strategies to reach the goal (win the public tender offer). During my period in the company, I successfully won 2 Public tender bids in behave of my clients, summing up a total of 23 million USA dollars.
