### Skills Profile

---

#### Competitive

- Several school awards for best performance academically and various certificates for winning sports activities, proving consistent competitive behaviour.
- Most recent example would be learning to swim and overcoming aqua phobia and joining gym to work on physical fitness.
- Actively play and indulge in various quizzes and voluntary exercises to challenge myself for different skills.

#### Teamwork

- Part of a team of students which helped re-build the houses after the devastating floods in Pakistan. This involved working in various remote areas where I did not even speak the same native language and sharing rooms with a team in a small village.
- Explicitly demonstrated teamwork when involved in a fundraiser for Care Foundation (Organisation that raised money for children).

#### Leadership

- In 2014, joined Model United Nations (MUN), which improved leadership and language skills.
- Taken several leadership roles throughout coursework at university, leading several teams to success.
- Led a team on an IT project management, designed a CRM system for a university and had the role of the Project Manager.

#### Self-development and Motivation

- Improved and developed fluency in English and academic performance from being average in Middle school to high achiever in High School.
- Participated in several Photography competitions and sold several copies of my work, achieving one of my passions in high school.
