Work Experience

CITIBANK Virtual Internship: Markets division

Autumn 2019

- Constructed a portfolio to track and outperform the ASX200 index for a \$100 million fund based on a client brief after extensive analysis of all 10 individual sectors.
- Summarised research into a 1.5-page deliverable to the client with detailed rationale
- Briefed the managing director over email outlining my portfolio and providing reasons for its construction.

Young Investment Banker Programme

Spring 2018

- Presented team's critique to an audience of over 1000 students and panel of professionals about mock cases after carefully analysing similar real-world mergers and acquisitions

Royal Bank of Scotland

Summer 2017

- Led a 30-minute closing presentation to the team manager after 1-week work shadowing placement across various departments

Roles of Leadership

Course Representative: Economics, Statistics and Mathematics

Autumn 2019-Summer 2020

- Elected as a representative to be a conduit for views of all selected joint honours students and negotiate changes with alumni at bi-termly formal department meetings
- Developed over 5 platforms for peers to communicate concerns or issues including feedback surveys, online forums and regular social meetings on campus

Part Time Tutor

Spring 2018-Summer 2018, Autumn 2019- present

- Managed groups of up to 100 students for mock assessment days and assisted in coaching and administrative work for regular weekly teaching classes

President of Mathematics Society and Senior Maths Prefect

Autumn 2015-Summer 2017

- Established a weekly lunchtime clinic and collaborated with head of department to organise pre exam revision support for students from year 7 - 11 for 2 years
- Motivated and directed a group of 4 peers to assist in mentoring and organising venues for over 60 sessions

Awards and Activities

Super Curricular

Autumn 2017-Spring 2022
