Personal profile

I am highly motivated, reliable and honest and have excellent time-keeping. I work well in a team but can also work independently to achieve tasks. I am efficient and meet deadlines whilst keeping a high standard to the best of my abilities. I feel these skills will benefit any workplace environment and employer.

Objective

I am looking for a progressive role with a company who value hard work and dedication. I want to learn new skills and make a high-quality contribution to the success of the company I work with. I am ambitious and motivated and looking for an opportunity to grow in a long-term position.

English Language – **A**
Biology – **A**
Chemistry – **A**
Physics – **A**
History – **A**
Religious Studies – **A**
Graphics – **A**
ICT - **B**

Work Experience

January 2018 – Present: Co-operative Group, Lilliput

I am employed for 39 hours/week as a Team Leader. My role is to manage the work team ensuring it is efficient and effective as well as deal with customer problems and managerial tasks. I work as part of a team and have been benefitted from training by the Company to improve my customer service skills and making them feel valued and maintaining company values. I also work over-time if necessary, to cover staff shortages.

September 2016 - December 2018: TJ's Fish and Chips, Lilliput.

I worked 12-15 hours/week serving food, assisting with food preparation and maintaining high hygiene standards. This role taught me customer service skills dealing with lots of different types of people as well as customer complaints. It was a very busy shop, so I was under pressure to meet the orders quickly. I had to be flexible and work the hours needed dependent on demand. At the end of each shift, we had to deep clean the whole premises which required working as a team to get the job completed on time.

Personal Achievements

June – August 2019: Promotion to Team Leader

Throughout the summer of 2019 I undertook training which then allowed me to get promoted to Team Leader within Coop. This allowed me to take a more managerial role within the store supervising the shift and ensuring the store was run smoothly.

September-June 2015-16: Main School Leader

I was selected out of 140 pupils. I became an Ambassador for Poole Grammar which involved showing prospective parents around the school and helping with activities for younger pupils.

March 2015: DT entrepreneur

I took part in a team competition to design a product made and sold in school over 2 months. I was in team of 2 and we came 5th with our wooden phone stands as they were very popular.

March 2014-16: Tennis Coach at Branksome Park Tennis club

I coached children which taught me a lot of patience (amongst other valuable skills) and also required me to liaise with parents in giving feedback. I looked after the club during weekends and school holidays, arranging court bookings, taking money and the locking up at the end of the day. This involved a high level of trust and responsibility to manage situations when courts were full.

May 2012: Sports Leader

More than 80 pupils applied for 24 places and as a successful candidate my role was to lead and co-ordinate group sports activities. I had to devise fun and interesting multi-disciplinary games which were safe for large groups. I was also involved in running the School Sports Day. This role demonstrated my ability to be innovative and keep control of large group of people.

Interests and activities

Rugby - Bournemouth RFC, Tennis
